LICENSING & REVIEW

Sir:

In response to the Notice dated May 6, 2004, a copy of which is attached, attached is a statement by the inventors as required by 37 CFR 1.68.

Applicants bring the PTO's attention to the Declaration missing the signature of inventor Christoph-Stephan Hilger, who recently deceased. If the PTO finds the Declaration insufficient, applicants request a notice of such.

Respectfully submitted,

Ceiba Henter, Reg. No. 50,908
Anthony J. Zelano, Reg. No. 27,969

declare that to the best of our knowledge and belief that: 1) we made and conceived the invention described and claimed in the above identified patent application while employed by assignee of record, SCHERING AKTIENGESELLSCHAFT, Müllerstrasse 178, D-13353 Berlin, Germany, 2) the invention is related to the work we are employed to perform and was made within the scope of our employment duties, 3) the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of the assignee identified-above.

Applicants also declare that to the best of our knowledge and belief that: 1) the invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic

Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy, and/or 2) the invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

declare that to the best of our knowledge and belief that: 1) we made and conceived the invention described and claimed in the above identified patent application while employed by assignee of record, SCHERING AKTIENGESELLSCHAFT, Müllerstrasse 178, D-13353 Berlin, Germany, 2) the invention is related to the work we are employed to perform and was made within the scope of our employment duties, 3) the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of the assignee identified above.

Applicants also declare that to the best of our knowledge and belief that: 1) the invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic

Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy, and/or 2) the invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section-1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
